Things are tightening up." He stopped again, looking as if he were in intense pain, hunched and clenched. He struggled to stand up. Unthinking, Ogion held out his hand to help him..he fought against but could not shake off. "Would you like some fresh curds? It makes a good breakfast." She was eyeing him, but not for long, and not meeting his eyes. Like an animal, like a cat, she was, sizing him up but not challenging. Wizards trained at the school went to other islands of the Archipelago to work against warlords, pirates, and feuding nobles, preventing raids and forays, imposing penalties and settlements, enforcing boundaries, and protecting individuals, farms, towns, cities, and shipping, until social order was re-established.
