But it sounded silly all the same. file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (12 of 111) [2/5/2004 12:33:30 AM]. the pirates. To them no doubt it would bear some other name. "Your name is beautiful, Irioth," she said after a while. "I never knew my husband's true name. Nor he mine. I won't speak yours again. But I like to know it, since you know mine." "A real is. . . a real. . ." she repeated helplessly. "They are. . . stories. It's for watching." Grove. She did not look back. more or less concealed violence) and deified by the priests of Awabath. The Four Lands were. bones of the mountain now. He knew the arteries of fire, and the beat of the great heart. He knew. The first Archmage, Halkel, abolished the title of Finder, replacing it with Chanter. The Chanter's task is the preservation and teaching of all the oral deeds, lays, songs, etc., and the sung spells. "Imagine that you are doing what I said to you." librarian. The Book of Names, which is kept now in the Isolate Tower, was the foundation of the. against the house wall, and Azver on the doorstep. "When do we land?" He went on showing his wares and joking with the women and children. Nobody bought anything. They gazed at the trinkets as if they were treasures. He let them gaze and finger all they would; indeed he let one of the children filch a little mirror of polished brass, seeing it vanish under the ragged shirt and saying nothing. At last he said he must go on, and the children drifted away as he folded up his pack. he thought so, since beyond the grove he could see treeless heaths and pastures. "Oh child, oh lamb," said Rush, taking her into her embrace; but though she hugged Rush, Dory did. His sudden tension and immobility, the strained face and inward look, were like those of a woman in labor when her womb contracts. That was Ogion's thought, even as he said, "What did you mean, "in the Mountain"? ".pit, great heaps of gravel and clay. Turning his sore head made him dizzy. there, right there in the village or the town, not off in the warlord's castle or fort, not. Rose watched her. She knew she did not know who Man was or what she might be. A big, strong, awkward, ignorant, innocent, angry woman, yes. But ever since she was a child Rose had seen something more in her, something beyond what she was. And when Irian looked away from the world like that, she seemed to enter that place or time or being beyond herself, utterly beyond Rose's knowledge. Then Rose feared her, and feared for her. and cruelty. I look at the world, at the forests and the mountain here, the sky,

and it's all through fumes and smoke to the high room in the tower. He had to regain it all, to go through it dying, and went on..so. Now that's the bargain, right? And if you play fair I will." Silence smiled. He was pleased with himself..of feet. Suddenly the city vanished, and an enormous face, three meters high, came into view..put her face in her hands..As he walked he thought; he thought hard; he recalled. He recalled all he could of matters his teacher had spoken of once only and long ago. Strange matters, so strange he had never known if they were true wizardry or mere witchery, as they said on Roke. Matters he certainly had never heard about on Roke, nor did he ever speak about them there, maybe fearing the Masters would despise him for taking such things seriously, maybe knowing they would not understand them, because they were Gontish matters, truths of Gont. They were not written even in Ard's lore-books, that had come down from the Great Mage Ennas of Perregal. They were all word of mouth. They were home truths..chanting, weatherworking). A student who showed a gift for sorcery and was sent to Roke for."You never sent to me, you never let me send to you, all the time you were gone. I was just."Don't be afraid," Gelluk said, his voice strong and musical over the panting gasp of the huge bellows and the steady roar of the fire. "Come, come see how he flies in the air, making himself pure, making his subjects pure!" He drew Otter to the edge of the roasting pit. His eyes shone in the flare and dazzle of the flames. "Evil spirits that work for the King become clean," he said, his lips close to Otter's ear. "As they slaver, the dross and stains flow out of them. Illness and impurities fester and run free from their sores. And then when they're burned clean at last they can fly up, fly up into the Courts of the King. Come along, come along, up into his tower, where the dark night brings forth the moon!"..had planned this conversation. "To enter the Great House: to go through that door."..So the pattern of the years was set for Tern. In the late spring he would go out in Hopeful, seeking and finding people for the school on Roke-children and young people, mostly, who had a gift of magic, and sometimes grown men or women. Most of the children were poor, and though he took none against their will, their parents or masters seldom knew the truth: Tern was a fisherman wanting a boy to work on his boat, or a girl to train in the weaving sheds, or he was buying slaves for his lord on another island. If they sent a child with him to give it opportunity, or sold a child out of poverty to work for him, he paid them in true ivory; if they sold a child to him as a slave, he paid them in gold, and was gone by the next day, when the gold turned back into cow dung.. "Not for the same reasons as you," she said, "but I still want to. And we came all this way. And..would have dragons for his dogs.."He's dead," she said, "two years. The marsh fever. You have to watch out for that, here. The water. I live with my brother. He's in the village, at the tavern. We keep a dairy. I make cheese. Our herd's been all right," and she made the sign to avert evil. "I keep em close in. Out on the ranges, the murrain's very bad. Maybe the cold weather'll put an end to it."..The four Kargad islands are mostly arid in climate but fertile when watered and cultivated. The Kargs have maintained a society that appears to be little influenced, except negatively, by their far more numerous neighbors to the south and west..Bren's old dog had been. "He talks to em, and I'll swear they consider what he says. And that..as if his body became the body of earth, and he knew its arteries and organs and muscles as his..would not set his burden down on the load, but clambered into the cart holding her, and held her..In the young dowsler he recognized a power, untaught and inept, which he could use. He needed much more quicksilver than he had, therefore he needed a finder. Finding was a base skill. Gelluk had never practiced it, but he could see that the young fellow had the gift. He would do well to learn the boy's true name so that he could be sure of controlling him. He sighed at the thought of the time he must waste teaching the boy what he was good for. And after that the ore must still be dug out of the earth and the metal refined. As always, Gelluk's mind leapt across obstacles and delays to the wonderful mysteries at the end of them..initially taken to be a vaulted ceiling were only overhanging tiers, tiers that now gave way to..betrayed..He thought what he must do, and how he must do it. He wasn't sure whether he had summoned her or a girl, and a year younger than Diamond, and a witch's daughter. He wished his son would play with..since the North Reach is isolated and thinly populated, and the Kargad people have held themselves..Through love, respect, and trust, Dragonfly would never disregard a warning from Rose; but she was unable to see Ivory as perilous. She didn't understand him, but the idea of fearing him, him personally, was not one she could keep in mind. She tried to be respectful, but it was impossible. She thought he was clever and quite handsome, but she didn't think much about him, except for what he could tell her. He knew what she wanted to know and little by little he told it to her, and then it was not really what she had wanted to know, but she wanted to know more. He was patient with her, and she was grateful to him for his patience, knowing he was much quicker than she. Sometimes he smiled at her ignorance, but he never sneered at it or reproved it. Like the witch, he liked to answer a question with a question; but the answers to Rose's questions were always something she'd always known, while the answers to his questions were things she had never imagined and found startling, unwelcome, even painful, altering all her beliefs..employed any kind of symbolic writing, and that sparingly. Bureaucrats and tradesmen of the Empire."My lord," said one of them with a fine, dark face and a wizard's oaken staff, "we do trust you, and therefore ask you to let the witch go, and peace return."."I wasn't"..In her bed, in the dark, she lay and thought: He knew the wizard who named me. Or I said my name..hatch. The mites were bothering her, and she looked scruffy and jaded. He said a few words against."No need," he said in that distant way, as if he hardly knew what she was talking about; but then he said, "You work very hard."..But beyond the rich and the lordly were those called the Men of Power: the wizards. Their power,..go in."..Azver went quickly to where Irian lay beside the stream, and the others followed him. She roused up and got to her feet, looking dull and dazed. They were standing around her, a kind of guard, when the group of thirty or more men came past the little house and approached them. They were mostly older students; there were five or six wizard's staffs among the crowd, and the Master Windkey led them. His thin, keen old face looked strained and weary, but he greeted the four mages courteously by their titles..notion of actually getting her into the School on Roke disguised as a man, there was little chance..They worked and taught in the Great House. They saw it go

up stone on stone, every stone steeped in spells of protection, endurance, peace. They saw the Rule of Roke established, though never so firmly as they might wish, and always against opposition; for mages came from other islands and rose up from among the students of the school, women and men of power, knowledge, and pride, sworn by the Rule to work together and for the good of all, but each seeing a different way to do it.. "If Roke was now what it once was, known to be strong, those who fear us would come again to destroy us," said Veil.. "She's going there, to the wall, and I can't go with her," she said. "She's going alone and I can't go with her- Can't you go there?" She broke away from Rush, looking again at Tern. "You can go there!". "How strange you are! It's altogether as though you weren't. . ." She broke off.
