Maybe celibacy isn't as necessary as the Rule of Roke teaches. Maybe it's not a way of keeping the power pure, but of keeping the power to themselves. Leaving out women, leaving out everybody who won't agree to turn himself into a eunuch to get that one kind of power ... Who knows? A she-mage! Now that would change everything, all the rules!". Then for a while he held still, body and mind, beginning to understand for the first time where his power lay..at all. These were words he wanted but had not expected to hear. "She's called Dragonfly, and she does all the work, and I saw her once last year. She's tall, and as beautiful as a flowering tree," said the youngest daughter, Rose, who was busy crowding a lifetime of keen observation into the fourteen years that were all she was going to have for it. She broke off, coughing. Her mother shot an anguished, yearning glance at the wizard. Surely he would hear that cough, this time? He smiled at young Rose, and the mother's heart lifted. Surely he wouldn't smile so if Rose's cough was anything serious?. are no gods, no cults, no formal worship of any kind. Ritual occurs only in traditional offerings. They came out into the calm, open evening air. The west still held some brightness as they crossed. Diamond sat in his own sunny room upstairs, on his comfortable bed, hearing his mother singing as she went about the house. He held the wizard's letter and reread the message and the two runes many times. The cold and sluggish mind that had been born in him that morning down in the shallows accepted the lesson. No magic. Never again. He had never given his heart to it. It had been a game to him, a game to play with Darkrose. Even the names of the True Speech that he had learned in the wizard's house, though he knew the beauty and the power that lay in them, he could let go, let slip, forget. That was not his language.. They walked down the winding stairs, out of the tower, past the barracks, away from the mines. They walked through thin woodlands towards the foothills that hid Mount Onn from the lowlands of Samory. Let the mare have her head when somebody came among the dogs shouting curses and beating them back. We were in something like a huge entrance hall or corridor, wide, almost unlit -- only the Otter's breath was coming hard. Hound put his hand on Otter's hand for a moment, said, "Don't. She stood still, listening towards the west. The mage walked on, turning only when he realized she opened and entered a great cavern. That was where Hound found him, miles away from the valley, west of Samory, on the edge of the great forest of Faliern. Of innumerable sacred groves, caves, mountains, hills, springs, and stones on the Four Lands, the holiest place was a cavern and standing stones in the desert of Atuan, called the Tombs. It was a center of pilgrimage from the earliest recorded times, and the kings of Atuan and later of Hupun maintained a hostel there for all who came to worship. Another witch or an ordinary woman. When Berry went out again, the woman came closer and said, resolute, in a low voice, BUT OF COURSE he went down to Havnor South Port, in one of his father's carts driven by one of his father's carters, along with Master Hemlock. As a rule, people do what wizards advise them to do. And it is no small honor to be invited by a wizard to be his student or apprentice. Hemlock, who had won his staff on Roke, was used to having boys come to him begging to be tested and, if they had the gift for it, taught. He was a little curious about this boy whose cheerful good manners hid some reluctance or self-doubt. It was the father's idea, not the boy's, that he was gifted. That was unusual, though perhaps not so unusual among the wealthy as among common folk. At any rate he came with a very good prenticing fee paid beforehand in gold and ivory. If he had the makings of a wizard Hemlock would train him, and if he had, as Hemlock suspected, a mere childish flair, then he'd be sent home with what remained of his fee. Hemlock was an honest, upright, humorless, scholarly wizard with little interest in feelings or ideas. His gift was for names. "The art begins and ends in naming," he said, which indeed is true, although there may be a good deal between the beginning and the end. Endlane said. It was somewhere else, being eaten up with worry or fear or shame. He could no longer see the chambers and passages of the cave as he had seen them with the uncaring, disembodied eye. He could see only what the flicker of werelight showed just around him and before him. As when he had gone through the night with Anieb to her death, each step into the dark. "Play the flute," Diamond said promptly, and took out of his pocket the little fife his mother had given him for his twelfth birthday. He put it to his lips, his fingers danced, and he played a sweet, familiar tune from the western coast, "Where My Love Is Going." "Look at all the stuff you can do," she said. "You couldn't do any of it if you didn't have a gift." "To everyone?"
