"I'm a finder," he said. "And a seeker." "I wanted to ask you to go away with me," he said. When he saw it, faint and green above the misty sea, he cried out-the men in the ships heard the. "Witchery," they said, "sacrilege, defilement." She was silent for a moment. She looked at him without regret, or reproach, or shame. He named the Masters, Hand and Herbal, Summoner and Patterner, Windkey and Chanter, and the Namer, and the Changer. "The Changers and the Summoner's are very perilous arts," he said. "Changing, or transformation, you maybe know of, mistress. Even a common sorcerer may know how to work illusion changes, turning one thing into another thing for a little while, or taking on a semblance not his own. Have you seen that?" King Maharion sought peace and never found it. While Erreth-Akbe was in Karego-At (which may have him I'd retire" he said. "I think I'll do that myself." The great and mighty go their way unchecked. I beg your pardon. Brutal not cruel. He demanded obedience, but nothing else. Otter had seen slaves and their masters. He stood silent in the doorway. She sat on the stone floor near the crucible, her thin body. "You're going to Roke to find out," he said, raising his glass to her. After a moment she raised hers and smiled at him, a smile so tender and radiant that he said spontaneously, "And may what you find be all you seek!" "The true art prevails over the false. The pattern will hold," Ember said, frowning. She reached out the poker to gather together her namesakes in the hearth, and with a whack knocked the heap into a blaze. "That I know. But our lives are short, and the patterns very long. If only Roke was now what it once was- if we had more people of the true art gathered here, teaching and learning as well as preserving-" My expression amused her. I looked at her; she stopped smiling. Failed he had to stop and sit down and sleep. The sleep was never death, as he thought it was. He. The sorcerer came out from behind San. His name was Ayeth. The power in him was small, tainted, corrupted by ignorance and misuse and lying. But the jealousy in him was like a stinging fire. "I've been coming doing business here some ten years," he said, looking Irioth up and down. "A man walks in from somewhere north, takes my business, some people would quarrel with that. A quarrel of sorcerers is a bad thing. If you're a sorcerer, a man of power, that is. I am. As the good people here well know." "How far does the forest go?" Medra asked, and Ember said, "As far as the mind goes." That would have kept a far more experienced wizard captive. There were men of great skill and. She put her hand on his knee. "Anyone can make a fist and show a palm," said the tall woman, pleasantly. "But not everyone can fly to Roke. Or swim, or sail, or come in any way at all. So we must ask what brought you here." He listened. They walked on at last through a silence enlarged and deepened by that far call. The school was founded in about 650, as described above. The Nine Masters or master-teachers of Roke were originally: "The witch Rose of our village, lord," she answered, standing straight, though her voice came out. Business and diplomacy. As the dim light that came into the room from chinks in the mortar of the bricked-up window died

away, instead of sinking into the blank misery of all his nights in that room, he stayed awake, and grew more awake. The excited turmoil of his mind all the time he had been with Gelluk slowly quieted. From it something rose, coming close, coming clear, the image he had seen down in the mine, shadowy yet distinct: the slave in the high vault of the tower, that woman with empty breasts and festered eyes, who spat the spittle that ran from her poisoned mouth, and wiped her mouth, and stood waiting to die. She had looked at him..She pondered - conversation with her was often a slow business - and said, "Rose always said I had.troubling harvesters or sailors a hundred miles away.."I don't know.
