Something had caused Mary Lang's eyes to look up. It was a reflex by now, a survival reflex conditioned by a lifetime of fighting her way to the top. It took root in her again and pulled her erect on the bed, then to her feet. She fought off the effects of the drug and stood there, eyes bleary but aware. Company's gone! They've struck their tents and left! Congreve's face split into a broad smile. "My third announcement is that tonight does not mark my retirement from professional life after all. I have accepted an invitation from the President to take charge of the Starhaven project on behalf of the United States as the senior member nation, and I am relinquishing my position with NASDO purely in order to give undivided attention to my new responsibilities. For those who might believe that I've given them some hard times in the past, I have to say with insincere apologies that I'm going to be around for some time longer yet, and that before this project is through the times are going to get a lot harder." tell you. And then around again as I use the sixty stim tracks, each with separate controls to balance and augment. "We're waiting for a reply," Crawford said. "But I can sum up what they're going to say: not good." "No: why are you so accommodating to me, when Fra being such a bitch? Are you looking for an endorsement?" 245. "Maybe so. But just because we're colonists doesn't mean we have to behave like rabbits. A pregnant woman will have to be removed from the work force at the end of her term, and we can only afford one at a time. After Lucy has hers, then come ask me again. But watch Lucy carefully, dear. Have you really thought what it's going to take? Have you tried to visualize her getting into her pressure suit in six or seven months?" Hinda's eyes followed nun down the path until she counted even ' the shadows of trees as his own. "Now let us find your luminous pool," said Amos, "so we can be back by lunch." There's never before been a stim star the magnitude of Jain Snow. Yet somehow the concert tonight fails. Somewhere the chemistry goes wrong. Congreve's voice rumbled in a gravelly baritone from the speakers all around. He glanced from side to side to take in the whole of his audience. "I, ah--I almost

didn't make it here at all." He paused, and the last whispers of conversation died away. "A sign in the hall outside says that the fossil display is in twelve-oh-three upstairs." The American Archeological Society was holding its annual convention in the Hilton complex that week. Congreve shrugged "I figured that had to be where I was supposed to go. Luckily I bumped into Matt on the way, and he got me back on the right track." A ripple of laughter wavered in the darkness, punctuated by a few shouts of protest from some of the tables. He waited for silence, then continued in a less flippant voice. "The first thing I have to do is thank everybody here, and all the NASDO people who couldn't be with us tonight, for inviting me. Also, of course, I have to express my sincere appreciation for this, and even more my appreciation for the sentiments that it signifies. Thank you--all of you."
