witch's son from inland Havnor. The most beloved hero of the Archipelago, his story is told in The Havnor, they say. There they say the women of the Hand have kept the old arts. And they teach. "But what is there to tell?" she said reluctantly. "Is it really true that in your day, back. In the Archipelago, the lore of the Old Powers was still part of the profound, common basis of thought and reverence. On all the islands, the arts mostly practiced by witches, such as midwifery, healing, animal husbandry, dousing, mining and metallurgy, planting and growing spells, love spells, and so on, often invoked or drew upon the Old Powers. But the learned wizards of Roke had generally come to distrust the ancient practices and made no appeal to the "Powers of the Mother." Only in Paln did wizards combine the two practices, in the arcane, esoteric, and reputedly dangerous Pelnish Lore..heart of the teaching of magic..and further weakness among us. There was no warmth and no light.. "Pretty good, pretty good," his father said. "Keep practicing." And he went on. He was not sure what he ought to have said. He did not want to encourage the boy to spend any more time on music, or with this girl; he spent too much already, and neither of them would help him get anywhere in life. But this gift, this undeniable gift t the rock hovering, the unblown fife -- Well, it would be wrong to make too much of it, but probably it should not be discouraged.. He could not summon her, could not even think of her, and would not have dared to do so, since Gelluk knew his name.
