As he came closer to it he felt a great strength flow into him from the west, as if Silence had taken him by the hand after all. Through that link he could send his own strength, the Mountain's strength, to help. I didn't tell him I wasn't coming back, he thought, his last words in Hardic, his last grief, for he was in the bones of the mountain now. He knew the arteries of fire, and the beat of the great heart. He knew what to do. It was in no tongue of man that he said, "Be quiet, be easy. There now, there. Hold fast. So, there. We can be easy."..He spent the whole afternoon in confusion, angry. When Ember came out of the Grove to her leafy."You weren't?". The Doorkeeper came back and said, "Come, Irian, and meet the Masters of Roke." Her heart began to go at a carthorse gallop. She followed him through the maze of corridors to a dark-walled room with a row of high pointed windows. A group of men stood there, and every one of them turned to look at her as she came into the room..".She saved me but I couldn't save her," he said fiercely to the men and women of the mountain.The spasm passed; Heleth answered, "Inside it. "Enough for tricks."..Ard nodded. "It is irrevocable".."Oh, yes," Irioth said. "It was my fault." But she forgave; and the grey cat was pressed up against his thigh, dreaming. The cat's dreams came into his mind, in the low fields where he spoke with the animals, the dusky places. The cat leapt there, and then there was milk, and the deep soft thrilling. There was no fault, only the great innocence. No need for words. They would not find him here. He was not here to find. There was no need to speak any name. There was nobody but her, and the cat dreaming, and the fire flickering. "She's never looked at a man before," she said..The boy was in fact a workman of the first order, carpenter, cabinetmaker, stonelayer, roofer; he had proved that when he lived up here as Dulse's student, and his life with the rich folk of Gont Port had not softened his hands. He brought the boards from Sixth's mill in Re Albi, driving Gammer's ox-team; he laid the floor and polished it the next day, while the old wizard was up at Bog Lake gathering simples. When Dulse came home there it was, shining like a dark lake itself. "Have to wash my feet every time I come in," he grumbled. He walked in gingerly. The wood was so smooth it seemed soft to the bare sole. "Satin," he said. "You didn't do all that in one day without a spell or two. A village hut with a palace floor. Well, it'll be a sight, come winter, to see the fire shine in that! Or do I have to get me a carpet now? A fleecfeff, on a golden warp?".As they coasted that island, he himself put an illusion about Hopeful, so that she would seem not a boat but a drifting log; for pirates and Losen's slave takers were thick in these waters..Wise governed for the child Serriadh until he took the throne. His reign was bright but brief. The.In all his flood of talk the only word Gelluk had spoken in the Old Tongue, the language of which.Otter felt as if he were being brought back to vivid life from interminable, dreary, dazed half sentience. At the wizards touch he did not feel the horror of the spellbond, but rather a gift of energy and hope. He told himself not to trust this man, but he longed to

trust him, to learn from him. Gelluk was powerful, masterful, strange, yet he had set him free. For the first time in weeks Otter walked with unbound hands and no spell on him. "Until the wind changes, eh?" said the Patterner. "Would you come back to me?" he said. "I have some old shoes of my husbands." It cost her something to say that, yet when she had said it she felt released, untied too. What was she keeping Bren's shoes for, anyhow? They were too small for Berry and too big for her. She'd given away his clothes, but kept the shoes, she didn't know what for. For this fellow, it would seem. Things came round if you could wait for them, she thought. "I'll set em out for you," she said.
